### Test Session

The tentative date for the next test session will be April 11th. This is tentative at this time and will be confirmed in the future.

### Spring Show

A tentative date for the spring show has been set for May 2nd. Again, this has not been confirmed at present and will be verified in the future. Bridgette is considering possible themes for the show and this information will be provided when available.

### Nutcracker

Special thanks to everyone who participated in the Christmas Show. The Nutcracker was again a great success. The music, props, costumes, skating, and choreography were all beautiful! The reception was wonderful as always and enjoyed by everyone. Photographs obtained during the performance have been posted on the CFSC website. If any club members have photographs they would also like posted on the website, please email the same to ljep@suddenlink.net and they will be included on the website. Also, if there is a picture you would like to have to print that is seen on the website, please email Jennifer Pennington at the above address, and it will be provided to you. In addition, photographs of the performance were obtained by [www.memoriesmatterwv.com](http://www.memoriesmatterwv.com) and are available online and for purchase.

**Next Board Meeting:  
January 21, 2010-further discussion  
on club purchase of a storage building  
for props and supplies.**

### Freestyle Monitoring

The CFSC is happy to welcome Beth Lipscomb as our new freestyle coordinator. A meeting is planned for the near future for all freestyle monitors to review monitoring procedure and to insure monitors are properly collecting fees and verifying pass information for all skaters during the freestyle sessions. It is very important that all skaters fees and passes be paid promptly to insure the club is obtaining adequate funds to maintain our freestyle ice. In order to continue our freestyle ice at the current rate, freestyle monitors must be diligent concerning payment. Again, a meeting is planned in the near future to discuss this and other aspects of freestyle monitoring. Information concerning the time and date of this meeting will be provided as soon as it is available.

### WVU Hockey Game

An exhibition skate will be provided by WV Synchro during the WVU Hockey Game scheduled to be held at the rink on January 19th, 2010. It should be noted, that admission will be required for all spectators entering the bleachers including parents and family of the WV Synchro teams. Therefore, if you are bringing your child to the rink to skate during the game, and intend to stay and watch the game, please plan to purchase a ticket prior to the event.
